

YOUTH COUNT DC

2018 Debriefing

To build from this year's Youth Count DC and to ensure successful implementation moving forward, we are seeking feedback from participating agency staff and peer surveyors on four key areas: Communications & Preparedness, Logistics, Capacity, and Methodology. For each area, consider which aspects of this year's count *worked* and which ones *didn't work*. Make notes of any other thoughts or recommendations that you have for each area in the space provided and document any other suggestions you'd like to communicate to the Youth Count planning team in the notes section below.

Communications & Preparedness		<i>Instructions for how to participate in the Youth Count & expectations of your participation • Understanding of trainings • Responsiveness to questions and needs, etc. • Adequateness of training • Resource sheet information was accurate and useful to interactions • Did you feel well-prepared and equipped to participate in the count?, etc.</i>
What worked?	What didn't work?	
Other thoughts?		

Logistics		<i>Adequateness of survey supplies • Pick-up and drop-off of survey supplies • logistics of ensuring • staff and volunteer scheduling at your agency • Volunteer coordination, etc.</i>
What worked?	What didn't work?	
Other thoughts?		

YOUTH COUNT | DC

2018 Debriefing

Capacity	
<p><i>Ability of your organization to implement the surveys • Capacity to cover maps (outreach teams) • Ideas for building up agency's ability to conduct the count in programs • Usefulness of volunteers • Usefulness of peer surveyors, etc.</i></p>	
What worked?	What didn't work?
Other thoughts?	

Methodology	
<p><i>Survey instrument • Timeframe of count • Outreach to different groups of youth in the community who may have been eligible • Ideas for other partners that should be included in successive counts to connect to hard-to-reach youth • Incentive gift cards for peer surveyors and respondents • Paper, online, app surveys, etc.</i></p>	
What worked?	What didn't work?
Other thoughts?	

OTHER NOTES:
