

Interagency Council on Homelessness Emergency Response and Shelter Operations (ERSO) Committee

27 July 2022

- Welcome & Agenda Review (5 mins)
 - a) Introduction & Agenda Review
 - b) Call for Partners Updates/Announcements
- II. Discussion Items (80 mins)
 - a) Prioritization Framework for Supplemental HUD CoC NOFO (20 mins)
 - b) Hyperthermia Check-In (20 mins)
 - c) Hypothermia Planning (20 mins)
 - d) Bed Reservation for Low Barrier Programming (20 mins)
- III. Announcements and Reminders (as needed)
 - a) DC Wave Festival: Community Wellness at Franklin Park on Aug 13
- IV. Summary and Adjournment (5 mins)
 - a) Next Meeting: August 24 2022 from 1 2:30 PM

- . Welcome & Agenda Review (5 mins)
- II. Discussion Items (80 mins)
 - a) Prioritization Framework for Supplemental HUD CoC NOFO (20 mins)
 - b) Hyperthermia Check-In (20 mins)
 - c) Hypothermia Planning (20 mins)
 - d) Bed Reservation for Low Barrier Programming (20 mins)
- III. Announcements and Reminders (as needed)
- IV. Summary and Adjournment (5 mins)

Supplemental HUD CoC NOFO

- Available Funding Opportunities. HUD released a <u>Supplemental Notice of Funding Opportunity (NOFO)</u>. CoCs will have the opportunity to submit projects for two funding opportunities through this Special NOFO:
 - 1. Unsheltered Homelessness Set Aside. Projects may serve any geographic area within the CoC and must meet all eligibility and quality threshold requirements. A CoC's maximum award amount for this funding opportunity is described the NOFO. The District is eligible for ~ \$14.6 million.
 - Rural Set Aside. Projects included in this funding opportunity must serve geographic areas that meet the definition of "rural area" established by HUD. CoCs whose geographic areas do not include any rural areas are not eligible for funding under this funding opportunity. The District is not eligible for the Rural Set Aside.
- CoC Project Review and Ranking. Project applications must be submitted to the CoC to be included on the CoC Priority Listing. CoCs must review and either accept and rank, or reject project applications submitted to them, including project applications for CoC Planning Costs. All project applications approved by the CoC must be listed on the CoC Priority Listing in rank order.

Components & Process

- Prioritization Framework: needs to be established immediately so that TCP can begin the Project Application Process and Ranking Committee can review projects before October Deadline.
- Comprehensive CoC Plan: must be written while TCP is administering the Project Application Process so it can be submitted as part of the application package to HUD. It's worth 70 of the 100 total points.
- Project Application Process: TCP working to establish process and train providers ASAP so that as soon as the prioritization framework is adopted TCP can start accepting applications.
- Project Review and Ranking: non-conflicted ICH members convene to review the performance and justification letters and establish how
 projects are ranked based on the prioritization framework.

Recommended Prioritization Framework

Order	Types of Projects We Can Fund	Notes
1	Joint TH/RRH for unaccompanied individuals	 Potential examples to consider and discuss include: Single men, as TH/RRH programs already exist for youth, women, and families. Employment or "work bed" focus to create flow in LBS system while keeping Bridge Housing focused on "outreach beds" or clients matched to housing. Single men or women with justice system history
2	RRH for unaccompanied individuals	 Even with FY22 expansion of DHS RRH-I, we are well behind our projected need outlined in Homeward DC of 2,300 slots by FY25. Opportunity to rebrand as an employment-based program and partner with housing providers with extensive employment programming. HUD-funded RRH may allow for diversification of providers and programming because it gives us flexibility to house singles outside of DC
3	HMIS and Planning Projects	 Any HMIS and planning projects that help us improve data collection and reporting at the front door, particularly for unsheltered clients.
4	PSH for unaccompanied individuals	 PSH is the lowest priority recommended under this NOFO since: We know several project-based sites are coming online in the following months and year, including Hill East set to come online in January with over 100 units Experienced PSH providers in the community likely do not have the capacity to put together an application while also preparing for Medicaid expansion.
5	Supportive Services Only	 Can only be used to help the fund coordinated entry system; comes with additional requirements and logistical work to onboard those requirements.

If no Consensus; ERSO Voting Slate from 2020

Co-Chairs	Reginald Black (PFFC)			
	Bill Kuennen (DHS)			
Government Seats	Department of Behavioral Health			
	Department of Human Service (filled via co-chair)			
	Department of General Services			
	Homeland Security & Emergency Management			
	Metropolitan Police Department			
Collaborative Applicant (TCP)	Charlene Traylor			
Community	1) Kate Coventry, DCFPI			
5 representatives of service provider, advocate,	2) Amanda Chesney, Catholic Charities			
and/or business/philanthropic entities	3) Mike Ferrell, Coalition for the Homeless			
	4) Abby Sypek, CHGM			
	5) UPO			
Constituents w/ lived experience:	Reginald Black (filled via co-chair)			
V E ARE	Qaadir El-Amin			

- . Welcome & Agenda Review (5 mins)
- II. Discussion Items (80 mins)
 - a) Prioritization Framework for Supplemental HUD CoC NOFO (20 mins)
 - **b) Hyperthermia Check-In (20 mins)**
 - c) Hypothermia Planning (20 mins)
 - d) Bed Reservation for Low Barrier Programming (20 mins)
- III. Announcements and Reminders (as needed)
- IV. Summary and Adjournment (5 mins)

Hyperthermia Check-In

- To review heat alerts and operational modifications since the last ERSO meeting
- To reflect on
 - What worked well?
 - Any barriers and challenges?
 - > Any feedback or recommendations for next year?
- Previously established that our system is vulnerable to
 HVAC outages, so want to make sure we have appropriate
 protection measures in place.

Alerts Called & Operational Modifications

- Since 6/22 ERSO meeting:
 - Heat Alerts: 7/01, 7/06, 7/08, 7/12, 7/18,
 - \triangleright Hot Weather Emergency (projected heat alerts for 4 or more days): 7/20, 7/21, 7/22, 7/23, 7/24 and 7/25
- Operational Modifications

Mostly related to the Hot Weather Emergency

- > Day Center Services: extended hours on Saturday and Sunday. See table below.
- > Shelter Hotline Transport: extra rounds at normal hot spots
- > **DHS Outreach Teams:** pounding the pavement Saturday and Sunday

Downtown Day Centers were able to quickly secure approval to operate on Sunday. Request for census from the DDCS, 801 East and Adam's Place Day Center outside the normal hours of operations.

Cooling Buses Secured: HT Women's Shelter, NYA Men's Shelter, and Starburst Plaza

Easy to locate buses at HT and NYA and those are sites that everyone walks up to! Need for buses near Mc Pherson Square because clients don't want to go all the way to NYA or HT for cooling buses.

Center	7/23 (Saturday) Extended Hours	7/24 (Sunday) Extended Hours
Downtown Day Service Center	10 am - 6 pm	11 am - 6 pm
801 East Shelter	9 am - 6 pm	9 am - 6 pm
Adam's Place Day Center	7 am - 7 pm	7 am - 7 pm

Beds at Adam's Place Day Center as well. Even though the census was not high, was especially helpful with beds for women. It's tight for women on daily basis during the summer months.

- . Welcome & Agenda Review (5 mins)
- II. Discussion Items (80 mins)
 - a) Prioritization Framework for Supplemental HUD CoC NOFO (20 mins)
 - b) Hyperthermia Check-In (20 mins)
 - c) Hypothermia Planning (20 mins)
 - d) Bed Reservation for Low Barrier Programming (20 mins)
- III. Announcements and Reminders (as needed)
- IV. Summary and Adjournment (5 mins)

Hypothermia Planning

Goal is to review the following

- Demand for beds estimated by the Shelter Capacity for single men and women; and
- Inventory of facilities and beds that will likely be available to meet this demand for beds
 - There are a lot of unknowns so we will explore 3 scenarios
 - > Scenario 1: PEPV sunsets end of FY22
 - Scenario 2: PEPV and Emery are online, Pat Handy Legacy and Blair are under construction
 - Scenario 3: PEPV, Pat Handy Legacy and Blair are online, Emery is under construction

Demand for Single Men and Women Beds

- ICH Shelter Capacity recommends:
 - > 1,400 beds for single men
 - > 550 beds for single women
- Data reviewed by the ICH Shelter Capacity WG

Occupancy of Men and Women Shelters on Alert and Non-Alert Nights, November 2021 - March 2022

Population	Alert Status	Maximum	Minimum	Median	Mode	Average
All Men's Shelters Combined	Alert Nights	1328	1159	1280	1301	1267
	Non-Alert Nights	1393	1130	1231	1144	1239
All \A/a and Shaltana Canalain ad	Alert Nights	526	433	501	507	495
All Women's Shelters Combined	Non-Alert Nights	516	412	477	485	469

Inventory of Facilities to Meet Demand

Scenario 1: PEPV Sunsets end of FY22

Inventory for Men					
	Beds				
Name of Facility	Year- Round	Seasonal	Overflow	Total	
New York Avenue	225		25		
801 East: Low Barrier Beds	192		40		
801 East: Specialized Senior & Employment Beds	140				
Adams Place Shelter	125				
Community for Creative Non-Violence (CCNV) Drop-In Center	100		20		
Emery	100				
Pat Handy Legacy	130				
Blair	72				
Valley Place	35				
Adams Place Day Center		40	20		
Men's Capacity	1,119	40	105	1,264	
Overflow Capacity			As needed		

Inventory for Women								
	Beds							
Name of Facility	Year- Round	Seasonal	Overflow	Total				
D.C. General Building 9-Harriet Tubman	155							
Patricia Handy Swing Space	140							
Saint Josephine Bakhita (formerly Nativity Shelter)	20							
Community for Creative Non-Violence (CCNV) Drop-In Center	30							
Girard Street	40							
Adams Place Day Center		15						
Women's Capacity	385	15		400				
Overflow Capacity			As needed					

Inventory of Facilities to Meet Demand

Scenario 2: PEPV & Emery are available; Pat Handy Legacy and Blair are under construction

Inventory for Men						
	Beds					
Name of Facility	Year- Round	Seasonal	Overflow	Total		
New York Avenue	225		25			
801 East: Low Barrier Beds	192		40			
801 East: Specialized Senior & Employment Beds	140					
Adams Place Shelter	125					
Community for Creative Non-Violence (CCNV) Drop-In Center	100		20			
PEPV Hotels at Double Occupancy	465					
PEPV Backfill (at average of 12 exits per week)	151					
Emery	100					
Valley Place	35					
Adams Place Day Center		40	20			
Men's Capacity	1,533	40	105	1,678		
Overflow Capacity			As needed			

Inventory for Women								
	Beds							
Name of Facility	Year- Round	Seasonal	Overflow	Total				
D.C. General Building 9-Harriet Tubman	155							
Patricia Handy Swing Space	140							
Saint Josephine Bakhita (formerly Nativity Shelter)	20							
Community for Creative Non-Violence (CCNV) Drop-In Center	30							
PEPV Hotels at Double Occupancy	199							
PEPV Backfill (at average of 12 exits per week)	75							
Girard Street	40							
Adams Place Day Center		15						
Women's Capacity	659	15		674				
Overflow Capacity			As needed					

Inventory of Facilities to Meet Demand

Scenario 2: PEPV, Pat Handy Legacy & Blair are available; Emery is under construction

Inventory for Men							
	Beds						
Name of Facility	Year- Round	Seasonal	Overflow	Total			
New York Avenue	225		25				
801 East: Low Barrier Beds	192		40				
801 East: Specialized Senior & Employment Beds	140						
Adams Place Shelter	125						
Community for Creative Non-Violence (CCNV) Drop-In Center	100		20				
PEPV Hotels at Double Occupancy	465						
PEPV Backfill (at average of 12 exits per week)	151						
Pat Handy Legacy	130						
Blair	72						
Valley Place (Previously Apartment Style Family Shelter)	35						
Adams Place Day Center		40	20				
Men's Capacity	1,635	40	105	1,780			
Overflow Capacity			As needed	k			

Inventory for Women							
	Beds						
Name of Facility	Year- Round	Seasonal	Overflow	Total			
D.C. General Building 9-Harriet Tubman	155						
Patricia Handy Swing Space	140						
Saint Josephine Bakhita (formerly Nativity Shelter)	20						
Community for Creative Non-Violence (CCNV) Drop-In Center	30						
PEPV Hotels at Double Occupancy	199						
PEPV Backfill (at average of 12 exits per week)	75						
Girard Street (Previously Apartment Style Family Shelter)	40						
Adams Place Day Center		15					
Women's Capacity	659	15		674			
Overflow Capacity			As needed				

Implications

- Scenario 1: PEPV sunsets end of FY22
 - Even if Blair, Emery, and Pat Handy Legacy are online, significant shortfall of beds
 - > Short 136 men beds and 150 women beds
 - > Will need ~6 rec centers if each rec center supports ~50 beds
- Scenario 2: PEPV and Emery are online, Pat Handy Legacy and Blair are under construction
 - No shortfall in beds
 - No need for rec centers
 - Also, no need for seasonal beds at Adam's Day Service Center!
- Scenario 3: PEPV, Pat Handy Legacy and Blair are online, Emery is under construction
 - No shortfall in beds
 - No need for rec centers
 - Also, no need for seasonal beds at Adam's Day Service Center

Unknowns/Questions/Concerns

H O M E W A R D D C 2.0 ☐ ==

- Migrants seeking shelter? How does that impact our system?
- Estimate total of individuals who have come through the area: 4,500
- Article mentioning that 10 15% of migrants hope to stay in the District; inflow might be quite high and the services currently available do not help address immediate or longer-term planning
 - Estimate of people who want to stay here is likely 400-500 already
 - Roughly 100 people arrive every day and no idea about how long this may last
- Ensuring we have language services: most popular language is Spanish
 - Do providers have Spanish-speaking staff?
 - Note that this goes beyond over the phone capacity of translation and inperson support is much needed to support intake, especially at night.
- Why aren't we specifying that we annually serve 8,000 individuals experiencing homelessness and we don't have services and resources for our District residents experiencing homelessness.

- . Welcome & Agenda Review (5 mins)
- II. Discussion Items (80 mins)
 - a) Prioritization Framework for Supplemental HUD CoC NOFO (20 mins)
 - b) Hyperthermia Check-In (20 mins)
 - c) Hypothermia Planning (20 mins)
 - d) Bed Reservation for Low Barrier Programming (20 mins)
- III. Announcements and Reminders (as needed)
- IV. Summary and Adjournment (5 mins)

Bed Reservation for Low Barrier Programming

- New LGBTQ+ shelter for single adults
- Opening early August with 27 beds
- Intake is low-barrier with the ability to hold beds for clients if individuals want to continue staying there

Key Discussion Questions:

- Does Shelter Hotline currently ask how many beds are reserved for clients that work overnight or graveyard shifts?
- How are bed reservations identified in Nightly Census?
- How will shelter capacity reports reflect reserved vs offline beds so we have an accurate count of shelter capacity?

- 1. Welcome & Agenda Review (5 mins)
- II. Discussion Items (80 mins)
- M.Announcements and Reminders (as needed)
 - a) DC Wave Festival: Community Wellness at Franklin Park on Aug 13
- v.Summary and Adjournment (5 mins)

DC Wave Festival

- Community wellness event
 - > at Franklin Park
 - > on August 13 (rain date Aug 20) from 10 am to 3 pm
- Featuring: Live stage with performances by Vida (Yoga), local artists, poetry and the Community Family Life Services (CFLS) speakers bureau
- Early adopters: DC Health, DPR, DHS, DHCD, Office of Gun Violence Prevention, VOA, DOES, Downtown DC BID, Rentry Action Network (RAN), Deeds of Kindness, etc
