ERAP Re-opening on 01/02/24 ***NEW***

Starting 01/02 at 12 noon, District residents can apply for Emergency Rental Assistance Program (ERAP) at erap.dhs.dc.gov

- Residents with no or limited access to technology (computer, tablet, or Smart Phone) can call the ERAP Hotline at 202-507-6666 to get support in submitting applications.
- Residents can also contact the ERAP Hotline at 202-507-6666 or email us at erap.program@dc.gov for inquiries or to follow-up on their submissions.

In the past year DHS received an influx of applications and closed the application portal in March 2023.

- To serve residents effectively and efficiently throughout the year, DHS will open the ERAP application portal on October 1, 2023, January 2, April 1, and July 1, 2024.
- **DHS will close the portal once 3,500 applications are received in each quarter.**
- Residents seeking emergency rental assistance are highly encouraged to note the above-mentioned dates and submit applications in a timely manner.
- Click [here](#) to learn more about documents needed to submit a complete application.

Rent Reasonableness for FRSP & Career Map ***NEW***

- Effective January 1, 2024, all rent reasonableness determinations for Family Re-Housing Stabilization Program (FRSP) and Career Mobility Action Plan (Career MAP) will be exclusively completed through AffordableHousing.com.
- This tool, introduced by the DC Housing Authority (DCHA) for their Housing Choice Voucher Program and the Local Rent Supplement Program, compares proposed rents to those of similar unassisted units in the marketplace.

HMIS Visibility Updates & ROI Reminder

NEW

On 10/01/23 TCP implemented critical system updates and workflow changes:

- Updated HMIS Privacy Notice, Release of Information (ROI), and Policies and Procedures
- Shift to entry/exit workflow for day centers, outreach, and singles shelter sites to understand movement throughout the system and to improve reporting on system outcomes

It is imperative that front line and case management staff are trained on the new process, sharing information about the ROI with program participants, and sending the signed document to TCP for records to be opened.

- Access the documents online: <https://community-partnership.org/dc-hmis-standard-operating-procedures/>
- HMIS Training: <https://community-partnership.org/hmis-training/>
- TCP is also working to update CAHP processes and VI-SPDAT packet.

Email hmis@community-partnership.org to submit completed ROIs and/or any questions/concerns.

Study on Housing Insecurity in DC ***NEW***

- The Community Partnership would like to announce new research from the Urban Institute on housing insecurity in the District. The study was a collaboration between The Community Partnership and the Urban Institute and is among the first to attempt to define and measure the scope of housing insecurity in the District.

Goal

- The Community Partnership sought the assistance of the Urban Institute to conduct the research to better understand housing insecurity and to inform our approach in delivering resources to households in need of stabilization to prevent an experience of homelessness. The Urban Institute conducted a representative survey of District households using a comprehensive definition of housing insecurity to estimate the number of people facing different forms of insecurity.

Findings

- The research finds that 12% of the District's population – or an estimated 82,452 residents – do not have stable housing, the majority of whom are in Black and Hispanic households. Black residents make up 41% of the city's population but 68% of those facing housing insecurity, and Hispanic residents represent 7% of the city's population but 14% of the housing insecure population. In contrast, while white residents comprise 40% of District's population, only 9% of people experiencing housing insecurity are white. Additionally, the study found an estimated one in four children under the age of 17 who are accompanied by at least one adult are experiencing housing insecurity (24%) even though they make up just 15% of the population. And an estimated one in five transition age youth ages 18 to 24 are experiencing housing insecurity (12%) even though they represent 7% of the population of the District overall.

Acknowledgement

- The Community Partnership would like to thank the D.C. Interagency Council on Homelessness (ICH), the ICH Consumer Engagement Work Group, the ICH Youth Advisory Board, staff from the D.C. Department of Human Services, and others from our provider community who participated in focus groups that helped to shape the study.
- We invite you to [read the research report](#) and we look forward to our continued partnership in working to ensure that all District residents have safe, stable, and affordable housing!

Volunteer Registration for the 2024 DC Point-in-Time Count is Open! ***NEW***

On Wednesday, January 24th, the District of Columbia will conduct its annual Point-in-Time (PIT) Count of persons experiencing homelessness; **we need your help to complete surveys of individuals experiencing unsheltered homelessness on that night. To register as a volunteer surveyor or learn more, visit: www.DCPIT.org.**

From 8PM to 2AM on January 24th, volunteer survey teams led by street outreach professionals and trained PIT Count Team Leads will canvass the city for individuals sleeping outside and will conduct a brief survey about their experiences and circumstances. All volunteers are required to attend a training on safety, engagement techniques, and using the PIT Count survey app prior to the night of the PIT Count. Volunteers must also be willing to use their own mobile device to access the survey app and complete PIT Count surveys.

To ensure the health and safety of all participants, surveyors will be provided a complete PPE kit, are required to adhere to health protocols while volunteering, and must attest to being fully vaccinated* to participate.

With your help, we can ensure the success of this project and improve the delivery of services to this vulnerable population. If you have any questions, please email: pit@community-partnership.org.

Sincerely,
DC PIT Count Coordinating Team

SAVE THE DATE

JAN 24, 2024

ABOUT THE COUNT

On the night of January 24th, 2024, hundreds of trained volunteers and experienced outreach professionals will conduct a count and survey of people experiencing homelessness in the District of Columbia.

The Point-in-Time (PIT) Count creates a "snapshot" of the scope and scale of homelessness in DC that provides policy makers and funders with critical information on the number and demographic characteristics of the families and individuals experiencing homelessness. DC is one of hundreds of communities across the country that conducts a PIT Count on one night during the last ten days in January to secure federal homeless assistance funding from the U.S. Dept. of Housing and Urban Development (HUD).

POINT-IN-TIME FAQs

How do I sign up?
Volunteer surveyor slots are first filled by staff and outreach teams that work for DC's homeless provider agencies. Volunteer registration will open to the general public on January 2nd, visit: www.DCPIT.org to register.

Can I choose the neighborhood I want to volunteer in?
Yes, you can select your neighborhood preference during the volunteer registration. Once a neighborhood is full it will not be available on the registration form.

Can I sign up with another person?
Yes, the volunteer registration form will allow you to sign up with one other person. If you are looking to sign up with a group of friends, just make sure that everyone selects the same neighborhood and pairs off or adds a note of each other's names. If you want to sign up as a group of 7 or more, contact: pit@community-partnership.org for assistance.

How will I know what to do?
All surveyors must attend one training session in advance of the Count. The training session will go through everything you will need to know to be a surveyor. Additionally, each neighborhood team has Team Leads who will be a resource to you on the night of PIT.

What happens if bad weather is forecast?
If there is severe inclement weather, volunteers will be notified before noon on the PIT day if the Count is cancelled that night. In that event, the Count will be rescheduled for Thursday, January 25th, 2024.

VOLUNTEER REQUIREMENTS

- Are at least 18 years old on 1/24/24
- Attend one training session
- Commit to stay for the duration of the Count (8pm to 2am)
- Adhere to all health and safety rules indicated in the volunteer waiver and as directed by Team Leads or TCP staff leading up to and on the night of PIT
