

Icebreaker: Follow Up on VWFRC Eligibility

SOLID FOUNDATIONS DC:
Strategic Plan to Prevent and End Youth Homelessness

Purpose:

- ❖ Follow up on question from the 07/18 Youth Policy WG meeting regarding VWFRC policy and eligibility for pregnant persons.

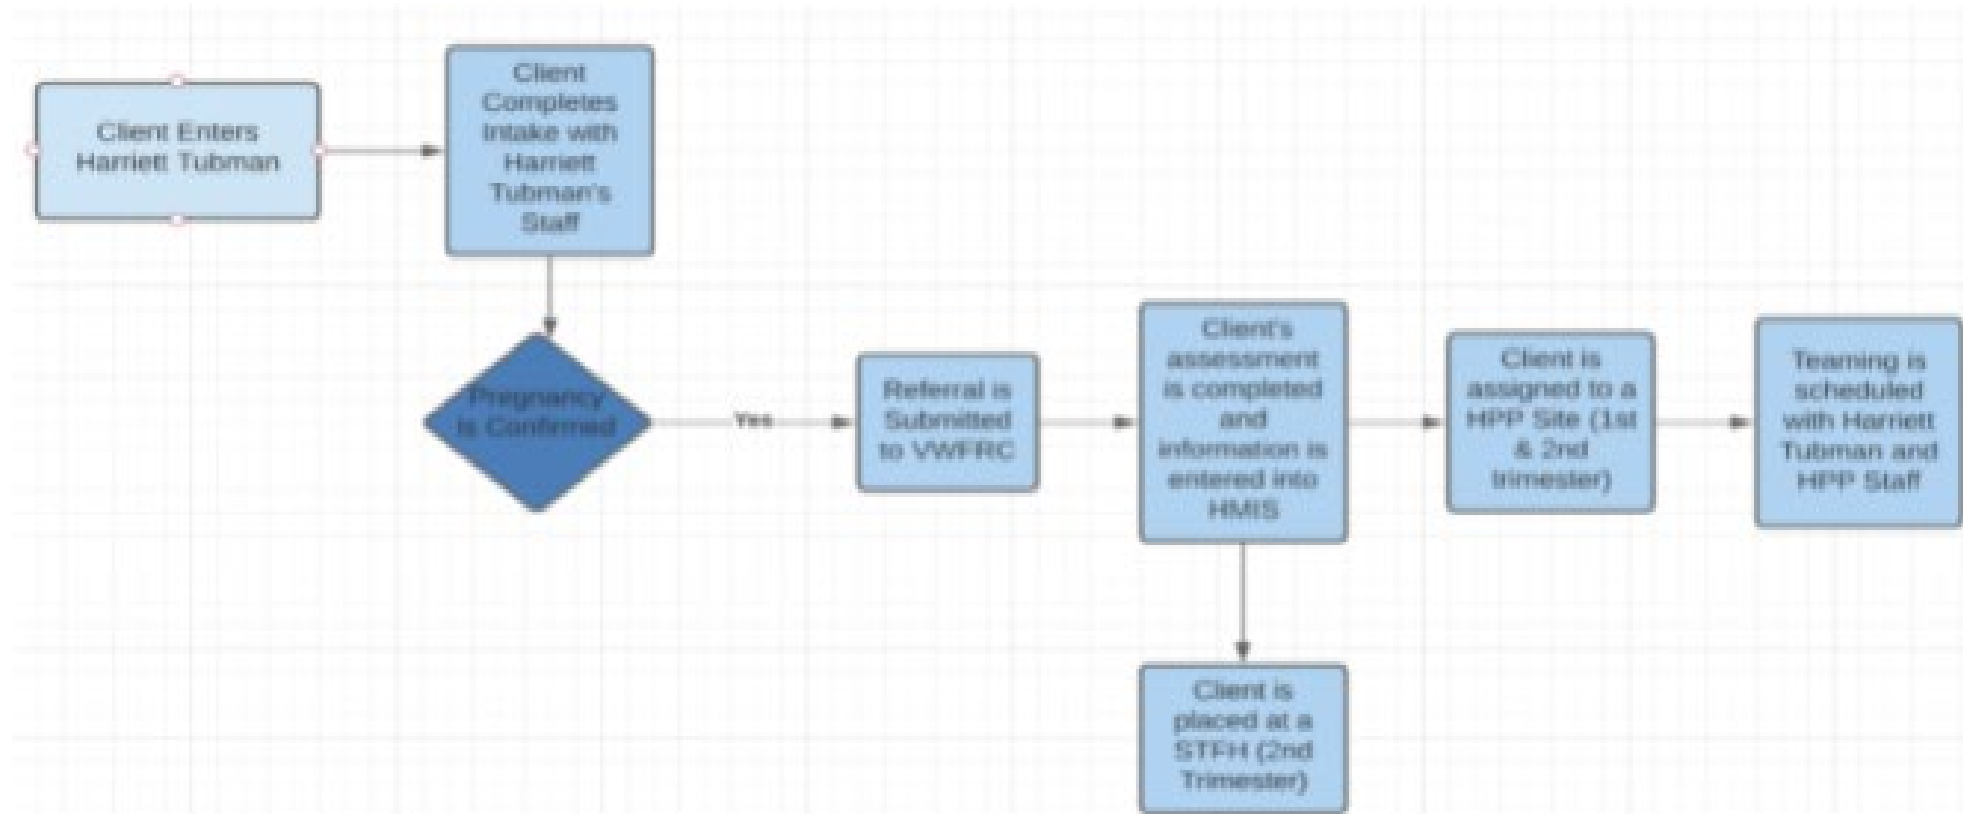

Background/Context:

- ❖ Question from youth provider on eligibility for individuals who are 5 months pregnant.
- ❖ ICH followed up with DHS (Kia Williams) to confirm given policy update shared in April 2022 for pregnant individuals not yet in their 3rd trimester.
- ❖ Outcomes from referrals to VWFRC may include referral to prevention (HPP), low barrier shelter and/or family shelter.
- ❖ Details from DHS outlined in the next few slides!

Overview

VWFRC launched an updated policy to serve pregnant individuals in first and second trimester who are experiencing homelessness or at risk of homelessness. These services include guaranteed placement at low barrier shelter, without having to exit during the day and getting them connected to Homelessness Prevention Program (HPP) or family shelter, when needed.

Workflow

Referral Process

The following information should be emailed to Kia Williams at Kia.Williams@dc.gov:

- HMIS #
- Client's Name
- Contact Number (if applicable)
- Case Manager's Name, Email Address, and Contact #
- Proof of Pregnancy

Referral Is Received

- The VWFRC eligibility worker will complete an assessment for homeless services and will enter the household into HMIS.
 - This will be a family entry
 - ADA request will be completed-if applicable
- Once the assessment is completed the household will be assigned to a Homelessness Prevention Program (HPP) site
 - Community of Hope (COH)
 - Everyone Home DC
 - MBI
 - Wheeler Creek
- An HPP appointment will be scheduled within 24 to 48 hours of the referral. The appointment should include the Shelter Case Manager, HPP Case Manager, and the Household.

Purpose & Background

SOLID FOUNDATIONS DC:
Strategic Plan to Prevent and End Youth Homelessness

Purpose:

- ❖ Orient CMTE to work of Supporting Hopeful Youth (SHY) Youth Advisory Board (YAB) members and their efforts to understand key concerns from peers.

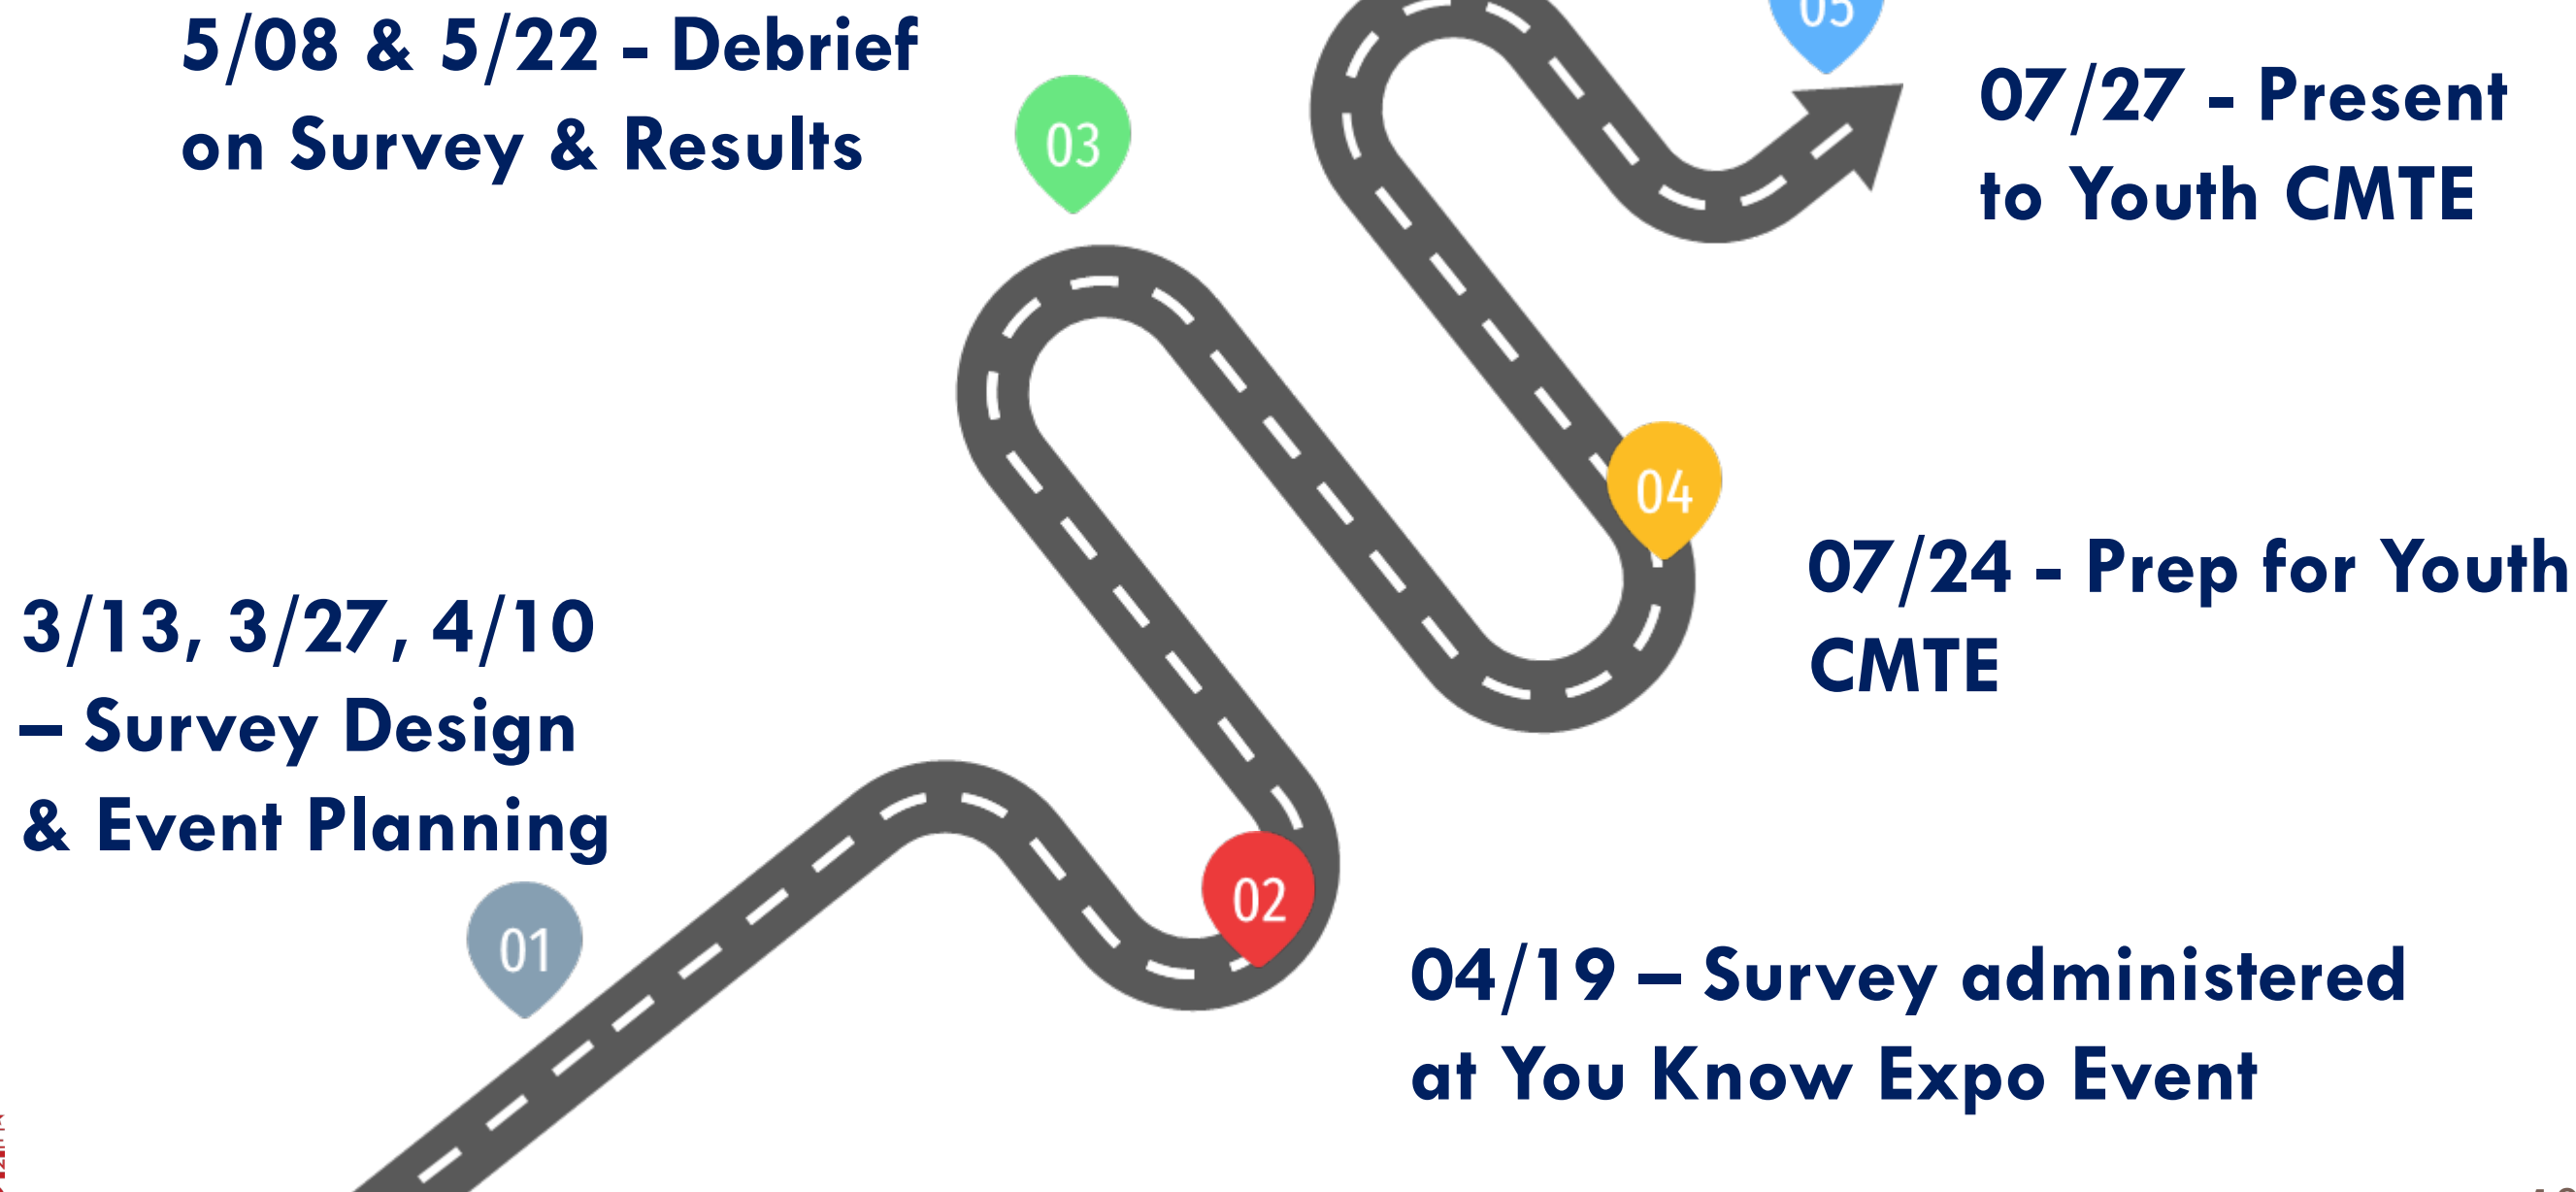

Background/Context:

- ❖ YAB members developed a Young Adult Client Survey and administered the survey at the You Know Expo event on 04/19
- ❖ Survey included multiple choice and open-ended questions related to:
 - Demographics and identity,
 - Current location,
 - Basic needs, safety, and employment.

Journey/Process Map

SOLID FOUNDATIONS DC:
Strategic Plan to Prevent and End Youth Homelessness

Survey Results

- ❖ It makes a statement!
- ❖ Potential for additional analysis
- ❖ Nature of the employment-specific questions
- ❖ What is the root cause of homelessness? Is it displacement from their families?

YOUNG ADULT CLIENT SURVEY

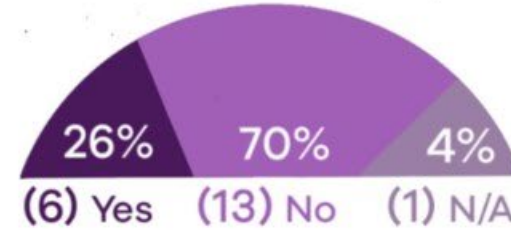

Survey results from You Know Expo

23 Total Surveys
16 English 7 Spanish

▶ 19, male, lived in TH*

“There is a language problem at the TH program.”

LGBTQ

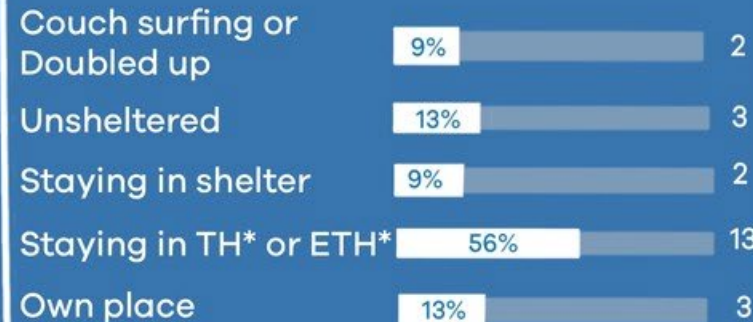

Basic Needs

43% Of respondents' basic needs are not being met in their location at time of survey

▶ 24, Trans-identified, staying in shelters

“We need personal items. They provide food, but it's very little.”

Current Location

Safety

65% Of respondents do not feel safe in the neighborhood they are located in at time of survey

74% Of respondents do not feel safe in their location at time of survey

▶ 23, Female, staying in TH*

“I feel like it's unsafe due to the shootings and more.”

Employment

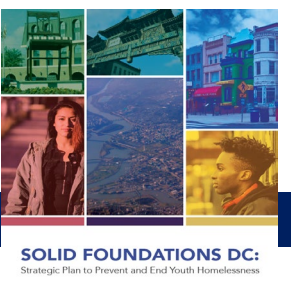

Only **30%** of respondents were employed at the time of survey

▶ 22, Male, Lived in TH*

“I have a mindset to win.”

*TH: Transitional Housing *ETH: Extended Transitional Housing

Reflections & Recommendations

SOLID FOUNDATIONS DC:
Strategic Plan to Prevent and End Youth Homelessness

Reflections:

- ❖ Emphasis on safety, including on event attendance and participation in the survey
- ❖ Case management
 - Feedback that case management is inconsistent and not persistent
 - Approach matters! We have to meet clients where they are.
- ❖ Question about the purpose of programs targeting young adults if programs cannot meet the basic needs of young adults

Recommendations:

- ❖ Interest in expanding the survey to cover more programs and youth experiences
- ❖ Explore and understand options for outreach and youth engagement specialists to transport youth
- ❖ Map programs and think through safety routes and transportation options so that young adults do not have to navigate neighborhoods and streets where they are not safe

Feedback on SHY YAB Survey Presentation

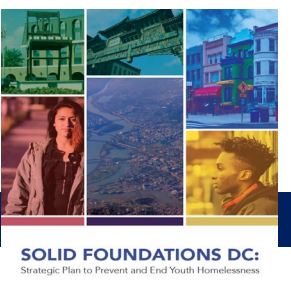

- ❖ **FDBK/Framing from DQ:** This makes a statement. Can see why the percentages are high. Agree why the mindset is important. Drawing connection between high % regarding safety and only 30% of respondents employed.
- ❖ **Q from AH:** Seems like this survey was mostly for individuals not yet housed. Of the youth who expressed that their basic needs are not being met, what percentage stays in TH or ETH?
 - **A:** Will need to revisit the data to get this crosswalk.
- ❖ **Q: What questions were asked around employment?**
 - **A:** Survey questions related to employment included below and ICH will distribute survey with the meeting notes for reference.
 - ✓ 23) Do you currently have a job?
 - If Yes: How many hours do you work every two weeks? How long have you worked at your current job? How did you find your job? Do you feel like the money you earn can sustain you?
 - If No: When was your last job? Are you currently job hunting? What have been your barriers to employment?
 - ✓ 24) Have you ever been referred to employment/a job through a youth service provider? If yes, what was the job? If yes, was the job sustainable and could it lead to a career?
 - ✓ 25) How can the Youth System support young adults with employment or careers?
- ❖ **Q: Do we know how many youth experienced homelessness as a result of family displacement/separation?**
 - **A:** Primary reason of homelessness was not asked in this client survey but is collected in HMIS and Homeless Youth Count (HYC).

Feedback on SHY YAB Survey Presentation

- ❖ **Q: Was this survey completed with youth in all 8 Wards?**
 - **A: This was a trial as part of the You Know Expo event on Youth Homelessness Matters Day 04/19. Will look for opportunities to expand!**
- ❖ **Q: Curious to learn if there were any comments on special accommodations in the shelters/TH/ for work schedule, for example.**
- ❖ **Q: How can we best assist youth understanding they may need more support or may be more vulnerable?**
- ❖ **Q: Request for survey results to inform pursuit of employment program!**
- ❖ **Q: What is the gender identity breakdown for survey results?**
- ❖ **Q: This is helpful information, have you thought about joining with other groups that typically do surveys so that we can get a more representative sample of those served? My kids have been surveyed a number of times and not necessarily seeing the output.**
 - **A: Can coordinate on this moving forward!**
 - **Nandi Barton from DCNEXT! offering support.**

Purpose & Background

SOLID FOUNDATIONS DC:
Strategic Plan to Prevent and End Youth Homelessness

Purpose:

- ❖ Follow up on proposal introduced at the 04/13 Youth CMTE meeting to consolidate and streamline ICH Youth Meetings

Background/Context:

- ❖ In general, ICH tries to follow three meeting rules:
 - 1) introduce a proposal,
 - 2) deep dive discussion/test, and
 - 3) debrief to inform recommendation or decision

Proposal Under Consideration

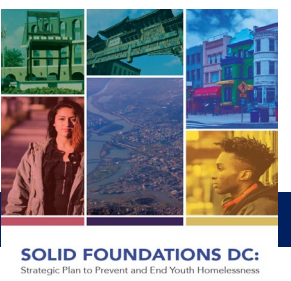

SOLID FOUNDATIONS DC:
Strategic Plan to Prevent and End Youth Homelessness

Consolidate Youth mtgs to 1 monthly Youth CMTE mtg

- ❖ Fold monthly Youth Outreach WG into a monthly Front Door Services WG for Single Adults, Veterans, and Youth Subsystems
 - Appropriately recognizes that 40% of the youth experiencing homelessness access the Single Adult Subsystem
 - * CMTE members invited to 06/06 Front Door Services WG
- ❖ Consolidate monthly Youth Policy WG and quarterly Youth CMTE into one monthly CMTE meeting
 - Focused on ending and preventing youth homelessness
 - Fully leveraging youth-specific resources
 - *CMTE members invited to Youth Policy WG meetings in 05/16, 07/18

Expected Outcomes/Impact

SOLID FOUNDATIONS DC:
Strategic Plan to Prevent and End Youth Homelessness

Allows us to host additional CMTE/WGs critical to the Youth Subsystem

- ❖ Proposed Health Care x Homeless Services to include:
 - Behavioral Health x Homeless Services
 - Hospitals x Homeless Services
 - Mortality Data
- ❖ Interest in launching/prioritizing an Employment & Entrepreneurship WG

Focusing Attention of CMTE on Housing

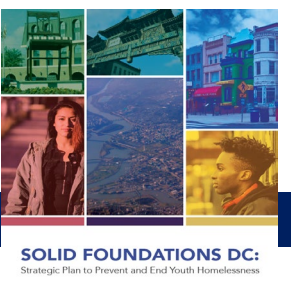

Subsystem	Exits to Permanent Destinations (FY22)	Total Experiencing Homelessness (FY22)	Percent
Families	834	1,046	79.7%
Veterans (Single)	272	606	44.9%
Single Adult	1,281	7,834	16.4%
Youth (Single)	18	931	1.9%

We need to focus on housing our young adults!

- ❖ We need to understand if the abysmal housing placement rates are a data quality issue or accurate.
- ❖ If accurate, we must understand whether this is an anomaly and why.
- ❖ Especially if the trend is consistent across all the years implementing Solid Foundations and YHDP, we need to course-correct!

Discussion

SOLID FOUNDATIONS DC:
Strategic Plan to Prevent and End Youth Homelessness

- ❖ Have Youth CMTE members attended Youth Policy WG meetings?
 - What was your experience?
 - Are there topics or concerns top of mind that are not covered by the proposed meeting structure updates?

- ❖ What is the recommendation of this group?
 - Can we reach a consensus?

Feedback on Consolidating ICH Youth Mtgs

- ❖ **FDBK from JC:** A lot of division of families make singles and youth and that is something that must change.
 - **FDBK from RE:** Agreed. Getting the youth help with resources while still in the family home should be a priority.
- ❖ **FDBK from LV:**
 - Important to provide information and/or access to employment support services about their rights and benefits like DOES office of wage and hour. Larry can share fact sheets used at DCOHR to present or distribute!
 - Many migrant youth need something similar to an ID and some programs have printed out the ID from HMIS with a picture and name, and that helps a lot!
- ❖ **Q: Results of the survey is sad. Have had a number of deaths related to fentanyl. Concerned about substance use. Need the resources and policy to support solutions.**
 - **A from ICH:** Emphasizes relevance of proposed Mortality Data WG for youth and young adults.
 - **FDBK from DCNEXT!:** Youth should not be limited to public transportation. Youth protection should be a top priority! Youth are harmed and exposed to many dangerous situation on public transportation.

Feedback on Consolidating ICH Youth Mtgs

- ❖ **FDBK from RE:** Personal experience shows need for resources and support as young as possible to reduce ongoing trauma. Interested to hear more from individuals are still working through trauma so can hear directly on what is needed.
 - **A from ICH:** We need to be sensitive to this ask and take special care in unpacking this idea. Can think more on what spaces are available to support this type of conversation.
 - **FDBK from WG attendees:** ABSOLUTELY agree having youth voice integrated more effectively in our work from brainstorm to implementation to evaluation. Care needs to be given to not retraumatize youth or prey on their pain. There is a skill in strategic story telling.
- ❖ **Q from CY:** As we focus on housing, what type of housing are we considering or missing? Some clients enter program with the expectation that they will have permanent housing guaranteed at exit, but do not have income, etc. What are our options?
 - **A from ICH:** The goal is housing, not programs or facilities. Need to be focused on strategies to end homelessness.

Feedback on Consolidating ICH Youth Mtgs

- ❖ **FDBK from IH: Need to keep in mind the developmental and functional needs of young people. Interest in prioritizing employment and entrepreneurship.**
 - **A from ICH:** We are talking about the same end outcomes!
- ❖ **Q: Are there unintended consequences that we should be thinking about?**
 - **A from ICH:** Great question. We have received feedback that it is helpful to have smaller nimble groups to be responsive to system needs, though we need to be careful to not create or perpetuate silos.
- ❖ **FDBK from NB:**
 - As a person that was often called for lived Experiences feedback or "advisory". My comfortability to share fully depended on the space and the organization. Some made me feel like a test subject, others made me feel empowered.
 - Rent reasonableness changes in areas impact ability to use vouchers. Even with resources we have through VWFRC and FRSP that can not be fully used due to rent reasonableness.
 - ✓ **A from ICH:** This is important feedback. We are tracking rent reasonableness in the Housing Solutions Committee and working with DCHA to understand its impact on subsidy and voucher programs as well as general affordability.

Feedback on Consolidating ICH Youth Mtgs

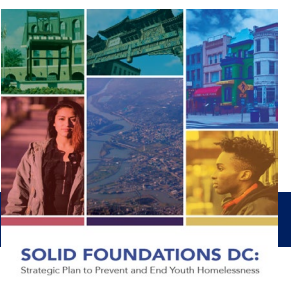

❖ Poll Results:

- 27 of 37 participated.
 - ✓ 22 people or 81% of respondents in support (59% overall)
 - ✓ 2 people with major concerns, 2 are unsure
- For individuals with major concerns, please email ich.info@dc.gov
- **FDBK from RB:** Concerned about how will services travel upstream to reach youth as there experience risks and how does OSSE, etc can play a role in making sure youth have the wrap around supports our family system has the majority of youth we are collaborating on here in this committee

❖ Next Steps:

- ICH will move forward with consolidating meetings. Next meeting will be Tuesday 08/15 from 1 – 2:30 pm.

Youth Count DC

September 15th – 29th, 2023

2023 HYC Plan

- No longer offering open survey link, all surveys must be completed with provider.
- Using administrative data sources for "count" and survey as a supplement to better understand the population based on Urban Institute recommendations.
- For agencies that cannot commit to actively survey youth, still need help advertising the count and sites where youth can complete the survey.
- Recruiting youth surveyors to assist at drop-in centers to help build capacity at those sites to ensure surveys are completed.

Survey Updates

What do you see as the priority areas for youth planning that we could get a better understanding of through the Youth Count survey?

- What are data that we don't have in HMIS?
 - Some examples: connections to resources, lifetime housing experiences, direct needs, understanding of barriers, etc.
- Are there data we currently collect but could drill down to glean more detail?
- Are there data we should collect to improve youth service delivery?
 - Some examples: ageing out policy updates, exploration of different types of housing or services that may better fit for youth housing needs, etc.

Next Steps

JULY - AUGUST

- TCP is reaching out to providers to confirm participation and plan for participation.
- Planning for volunteer youth surveyors at drop-in centers.
- Finalize survey and test with YAB.

SEPTEMBER

- Surveyor trainings: Sept. 12th, 13th, and 14th.
- Kick-off Event & first day of surveying: Sept. 15th
- Surveys completed at drop-in centers, outreach, and shelter programs that opt-in: Sept. 15th through 29th.

OCTOBER

- HMIS data quality checks & HMIS data pull (information will be provided to HMIS programs).
- Other data source coordination and submission.

Feedback on Homeless Youth Count (HYC)

- ❖ **Q: How much room is there for new questions?**
 - **A from TCP:** Can distribute the current draft survey for feedback. Need to balance questions and time it takes to take the survey. May be able to combine current questions. 2022 survey questions for reference [here](#).
- ❖ **FDBK from IH:** Recommend adding questions related to health care! What do they need? Mobile care, etc.? This can inform MCO participation and coordination! We should leverage this effort to gather data.
- ❖ **Next Steps:**
 - Email Tyrell McQueen with additional feedback - Tmcqueen@community-partnership.org
 - Add time for follow up to this discussion during next meeting 08/15

DHS: FDBK on Proposed Youth Age Out Policy

Purpose:

- ❖ Remind community partners to share feedback on DHS proposed Age-Out Policy introduced at the 07/18 Youth Policy WG.

Background/Context:

- ❖ DHS is proposing 27 years old as the age that a person will no longer be eligible to reside in a youth bed.
- ❖ As of July 2023, about 18% (41 out of 225) of youth in unaccompanied singles programs (TH, ETH, and RRH) are over age 24.
- ❖ Focus on transitions to permanent destinations in a way that balances both a youth-centered approach with the reality that support is time-limited

Next Steps:

- ❖ Share your feedback [here](#)
- ❖ Track the conversation:
 - [Tentative] Single Adult System WG on 08/03 from 1 – 2:30 pm
 - Youth CMTE on 08/15 from 1 – 2:30 pm

Why Have an Age-Out Policy?

- To create a clear transition between the youth and the adult system
- To focus on transitions to permanent destinations in a way that balances both a youth-centered approach with the reality that support is time-limited
- Because HRSA allows program exits based on redetermination of eligibility and age is an allowable criteria
- To better facilitate system inflow and outflow and eliminate/reduce waitlist

What is the Age that Youth Will Age-Out?

- DHS is proposing 27 years old as the age that a person will no longer be eligible to reside in a youth bed
- This age is based on the length of stay for most DHS funded programs (2 years). A person placed in a youth bed at 24years/364 days would still be able to receive a full two years of service
- ETH programs initially contemplated youth who enter at 24 years/364 days would only receive programming for 2 years. This policy syncs with that intent.

Relevant Data Points

As of July 2023-

- About 18% (41 out of 225) of youth in unaccompanied singles programs (TH, ETH, and RRH) are over age 24
 - Seven youth are ages 27 or 28
 - The remaining 34 youth are 25 or 26 years old
 - 13 of the 34 youth are in ETH programs
 - 17 youth are in Transitional Housing Programs
 - 4 are in Rapid Rehousing Programs

Gathering Your Feedback

[DHS Youth Aging Out Survey- Stakeholder Feedback](#)

DHS seeks your feedback on how to implement an aging out policy for youth!

This policy would transition youth to the adult system upon turning 27 years old.

What support or resources would you like to see in the adult system to prepare youth for this transition? *

How long would you need to transition clients who will be affected by this policy? *

Do you prefer a 6 month or a 12 month transition period?

What technical assistance from DHS is needed to support this implementation? *

Do you foresee any unintended consequences regarding the policy? *

Do you have any additional comments, questions, or concerns? *

What are the Next Steps?

- Review and Incorporate Stakeholder Feedback
- Finalization of Policy – Summer/Fall 2023
- Updated Program Rules – Fall 2023
- Identification of Youth who are 27 as of October 1st
- Updated Provider Training on Program Exits & Transfers
- Meet with Adult System Stakeholders to Identify Additional Resource Needs for Youth Aging Out
- Finalize Implementation Procedure
